TO WHOM IT MAY CONCERN

MR TREVOR PETERS

I offer this letter in recommendation of the services of Trevor Peters as a Sound Designer and Sound Engineer.

I have had the pleasure of working with Trevor in his capacity as Sound Designer on very many major stage musical productions during my tenures as Deputy Managing Director of Big Concerts (from 1997 to 2000) and as Chief Executive Officer and Executive Producer for Joburg Theatre in Johannesburg, South Africa (2000 to 2014).

Trevor Peters has always been my sound designer of choice in South Africa. His personal skills and agreeable temperament help to make him the perfect creative team player. But, most importantly of all, Trevor *listens*, not only to the wishes and needs of his fellow team mates, but also to the actors and musicians in the show. The final result from Trevor is always a combination of how he wished to design the voice of the experience for the audience, together with an understanding of what he can create in participation with everyone on and off stage.

I look forward to my future experiences of working with Trevor Peters.

Please don't hesitate to contact me should any additional information be required.

Bernard Jay
